OBJECTIVES OF THE PROGRAMME:

- To make the students to donate blood.
- To sensitize the students on the necessity of donating blood.
- To remove the misconceptions of blood donation
- To supply blood to the needy

REPORT OF THE PROGRAMME:

Awareness on blood donation program was conducted in the seminar hall to sensitize the students and citizens. The teaching staff, students, medical officer and others have participated in the programme. The principal and president of the programme gave a speech about blood donation and necessity of blood donation. Dr Prabhakar Rao, Medical Officer explained the need of blood donation and how it saves lives. He also cleared all apprehensions and superstitions about blood donation and said indeed it is good to donate blood. He also said that a healthy man can donate blood twice a year. Students are motivated by our teaching staff and principal. As a result, students unanimously showed interest to donate blood. Then all doubts raised by the audience were cleared by the medical officer. This program was completed by grand success with vote of thanks.

OUTCOMES: Participants learnt about

- Significance of blood donation.
- Various types of blood groups and who can donate blood.
- How to approach blood bank.
