Punganur

Objectives

- **To recognize and celebrate the crucial role of farmers in sustaining the nation's agricultural sector.**
- **To facilitate interactions between farmers to build stronger connections and mutual understanding.**
- **To showcase advancements in agricultural technology, encouraging the adoption of modern tools and techniques to enhance productivity.**
- **To address challenges faced by farmers, such as climate-related issues or market fluctuations, and discuss strategies for resilience and adaptation**

Report

Title: National Farmer's Day

Date: 23.12.2022

Time: 11.00 AM

Venue: Seminar Hall

National Farmers Day was celebrated with great enthusiasm and participation, organized under the guidance of Dr. T. Sreenivas, the dedicated NCC coordinator. The event took place under the esteemed presence of Dr. Y Rajasekhar, who presided over the ceremony, along with the support of K. Nandeeswaraiah, the Vice-Principal of the institution.

The occasion witnessed active involvement from both staff and students, creating a vibrant atmosphere filled with appreciation for the hardworking farmers who contribute significantly to the nation's agricultural sector. The

programme started with the welcome address of K. Bhuvana III BCom CA and was presided over by Dr. Y Rajasekhar, in his role as the presiding authority, shared insightful thoughts on the importance of recognizing and honoring the efforts of farmers.

The NCC coordinator, Dr. T. Sreenivas, played a pivotal role in ensuring the smooth organization of the event. The program aimed not only to celebrate farmers but also to educate the participants about the challenges and innovations in the agricultural domain. K. Nandeeswaraiah, the Vice-Principal, emphasized the significance of supporting local farmers and the rural communities dependent on agriculture. The event successfully fostered a sense of community engagement, bringing farmers and the wider community closer together.

Overall, National Farmers Day at the institution served as a significant platform for promoting awareness, fostering community connections, and expressing gratitude to the unsung heroes of the nation's agricultural landscape. The active participation of staff and students underscored the collective commitment to supporting and appreciating the invaluable contributions of farmers. The event concluded with vote of thanks proposed by C Mounika II B A (HEP) followed by national anthem.

Outcomes

Students

- Got awareness of Agricultural practices and environmental consciousness
- Learnt about sustainable and eco-friendly farming methods
- Will promote a sense of responsibility towards environmental conservation within the context of agriculture

- Become aware of the role of technology in modern agriculture.
- Learn how technological advancements can improve farming efficiency and productivity.

Importance of Agri-Culture Sector in India

Feedback

The history of agriculture in India dates back to the Neolithic period. India ranks second worldwide in farm outputs. As per the Indian economic survey 2018 agriculture employed more than 50% of the Indian work-force and contributed 17-18% to the country's GDP.

Feedback

India has seen a huge growth in cooperative societies, mainly in the farming sector, since 1947 when the country gained independence from Britain. The country has networks of cooperatives at the local, regional, state and national.
