National Science Day

Conducted on

(28.02.2023)

Venue

Seminar Hall

Organized by

Dr. C. Pavithra

Lecturer in Mathematics

SRGDC

Punganur

Objectives

- To promote scientific temper and celebrate scientific achievements.
- To raise public awareness about the importance of science and its impact on daily life, emphasizing its role in societal development.
- To provide a platform for educational activities, exhibitions, and demonstrations to engage participants in interactive learning about various scientific concepts.
- To inspire the younger generation to pursue careers in science by highlighting the achievements and stories of successful scientists and researchers.

Report

Title: National Science Day

Date: 28.02.2023

Time: 10.30 AM

Venue: Seminar Hall

The National Science Day program, organized by Dr. C. Pavithra, the Women's Empowerment Cell (WEC) coordinator, was a resounding success. The event, presided over by Dr. Y Rajasekhar, with the support of K. Nandeeswaraiah, the Vice-Principal, drew active participation from both staff and students, creating an atmosphere of scientific inquiry and celebration. The event served as a platform for promoting the active involvement of women in scientific research and exploration.

The programme started with the welcome address of S Asiya III B Com CA and **Dr. Y Rajasekhar, as the presiding authority, highlighted the significance of science in societal development and encouraged participants to embrace a scientific temper. His insightful remarks underscored the importance of**

fostering a culture of curiosity and innovation. K. Nandeeswaraiah, the Vice-Principal, reiterated the institution's commitment to promote science education and facilitating collaborative efforts between academia and industry.

The enthusiastic participation of both staff and students demonstrated a collective commitment to the advancement of science. Through demonstrations and educational activities, the event not only celebrated scientific achievements but also inspired the next generation of scientists. The program successfully showcased advancements in science and technology, providing a glimpse into the latest innovations that bridge the gap between theory and practical applications. The event was concluded with the vote of thanks proposed by K.Chandana II BSc (MSCs) and was followed by national anthem.

Outcomes

Students

- Gained a deeper understanding and appreciation for significant contributions to science and technology, recognizing and celebrating the achievements of scientists
- Participate in exhibitions, demonstrations and interactive learning activities, to enrich the knowledge and understanding of various scientific concepts.
- Explore the relevance and impact of ongoing projects and fostering a spirit of inquiry.
- Witness and appreciate advancements in science and technology, gaining insights into the latest innovations and their practical applications.
